STATEMENT OF FACTS

CENSORSHIP is Not just happening on Social Media Platforms, CENSORSHIP IS HAPPENING UPON COURT RECORDS/DOCKETS AS WELL!

On May 15th, 2017 I Filed a Petition into Texas Williamson County 395th District Court where Venue got changed to the Dallas 162nd District Court, where from there and every Court after: The Dallas 5th Appellate Court, The SCOTEX, and Now U.S. Federal District Court Texas Western Austin Division, my **INDISPUTABLE PROOF** Evidence and Exhibits were continuously **COURT STRIPPED** and **CENSORED**. This is what led me to File an Intervention into this MASSIVE Censorship Case in Louisiana. Any and Every Filing's Supporting PDF Docs of Indisputable PROOF Evidence and Exhibits were continuously STRIPPED from the Record to ensure they would Not be seen, and so that I had no way of winning my case. Here attached is the Link for my 3rd Amended Notice of Appeal, Complaint, And Removal For The **FRAUD** and **CENSORSHIP Upon And By Each Of The Courts Listed Above:**
